BIOGRAPHY

The band's aim is to spread positive vibes to each and every audience member they play for, with their high energy, adrenaline fuelled, explosive performances. Their sound boasts big riffs, catchy choruses and sing-along melodies to hook listeners in.

Mad Haven have played on the bill with bands such as FM, Massive Wagons, Those Damn Crows, Florence Black, The Virginmarys, Toseland, Wolf Jaw and Haxan.

In late 2019, the band appeared at Gravity Festival, headlined stage 2 at Winterstorm, and finished the year off with a sold out headline show at their local venue.

Just before the pandemic hit, Mad Haven hit the road with Romeo's Daughter, joining them in London and Nuneaton as part of their UK tour before supporting Massive Wagons at The Tivoli and playing a slot at Legends Of Rock in Great Yarmouth in March 2020.

After releasing their 'Never Give Up' EP which gained airplay from a multitude of international and national radio stations such as BBC Radio Wales, MMH Radio, Banks Radio Australia and KAOS FM New Zealand, they released another EP in the middle of the UK lockdown titled '2020 WTF'.

Their songs have landed top 10 spots on Banks Radio Australia's charts and 'Run Away' landed a spot in the 'top 20 most viewed videos on the New Wave Of Classic Rock YouTube Channel'.

So far, 2021 has seen them play slots at Wildfire and Rockwich Festivals along with a UK tour as main support for Welsh band Haxan in packed out venues all over the country.

2022 is set to be another exciting year for the band as they are planning to release their debut album along with lots of exciting gigs to announce!
